KENTUCKY SYNOD OF C. P. CHURCH ADJOURNS AFTER BUSY SESSIONS.

The Kentucky Synod of the Cumberland Presbyterian Church adjourned Thursday night. The joint report of the Board of Church Extension and the Committee on Church Extension recommended the continuation of Rev. J. T. Barbee, of Owensboro, as synodical superintendent and the reorganization of the Cumberland Presbyterian Church throughout the state and more particularly in the Louisville Presbytery.

The committee on Sunday School and Young People's work recommended a more thorough organization of this interest than ever before and the organization of Sunday School Institutes and Christian Endeavor Societies as well as other functions as will serve the best interest of the church.

The committee on Missions recommended a continuation of missionary work, both at home and abroad, and the most generous support the people of the church are able to extend.

About \$100 was raised for assisting Bethel College at McKenzie, Tennessee.

After devotional exercises Thursday morning reports were made on temperance, Presbyterian records and ministerial relief. Miscellaneous business occupied the time. CHARLES REED

Former Mayor of Paducah, Passes Away In That City.

Paducah, Ky., Oct. 30.—The funeral of the Hon. Charles Reed, former Mayor of Paducah, who died Thursday night, will be held Saturday afternoon at 3 o'clock. The burial will be in Oak Grove cemetery.

Mr. Reed was four times elected Mayor and several times was a member of the General Council. He was a Confederate Veteran and a pioneer hotel man, having been the first proprietor of both the New Richmond House and the Palmer House in this city. At the time of his death he was president of the Palmer House Company. The funeral will be simple, his comrades

Wrote to you to see to it that every Democratic vote in your precinct is polled early and counted. We desire a popular majority as well as a majority in the electoral college, and your vote is needed to offset the Republican vote somewhere else, even if not needed in your locality. Work! Vote! And then you can rejoice the more heartily in the victory.

Yours truly,

PROCLAMATION.

TO THE PEOPLE OF HOPKINSVILLE:

As a result of the unprecedented drought, the danger from fire has been greatly increased. Forest fires are burning in many counties of the state and are threatening to become serious in some parts of our country. Hopkinsville is just now in the worst possible condition to withstand a conflagration. The trees all over the city are shedding their leaves, which are very dry. In many places combustible rubbish is piled in back lots and yards, and a fire once started would undoubtedly be hard to control and might become a general conflagration, as water is very scarce. I would urge upon citizens generally the importance of cleaning up all combustible materials about their premises and of seeing that children or careless persons are not allowed to burn leaves or kindle fires of any kind in the city. I would urge that no foolish disorders of any kind be indulged in tonight as Hallowe'en mischievous, on account of the dangers liable to result from fire, as a fire cracker or a cigar stump might start a disastrous conflagration. Parents are urged to keep their children at home. Every effort will be made to prevent disorders of every kind tonight, and a sufficient number of policemen will be put on duty to arrest all who go out to destroy property or to engage in disorderly conduct.

Fellow Citizens:

The campaign is drawing to a close; the issues have been set forth in the platforms; the arguments of the candidates have been presented, and the verdict is about to be rendered. Every state in the Union shows Democratic gains, and there is no doubt of a Democratic victory if all who favor our policies vote and have their votes counted.

I write to you to see to it that every Democratic vote in your precinct is polled early and counted. We desire a popular majority as well as a majority in the electoral college, and your vote is needed to offset the Republican vote somewhere else, even if not needed in your locality. Work! Vote! And then you can rejoice the more heartily in the victory.

Yours truly,

W. J. BRYAN.

DEMOCRATS GROW CONFIDENT AS ELECTION DAY DRAWS NEAR

Chicago, Oct. 30.—A spirit of optimism pervades Democratic headquarters, and there is a feeling of confidence among the managers more pronounced than in any campaign since 1892. The leaders, who have been in close touch with the trend of political sentiment throughout the so-called doubtful States, have, within the past few days, received assurances which lead them to believe that the battle for Bryan and Democracy has been won, and that election day will only record the victory.

Confidential and final reports from Ohio and Indiana show that these States are safe for Bryan, not by meager, but by substantial majorities, despite the stream of gold which is pouring in from the Republican National Committee. Bryan's great campaign in New York and the reception which he has been tendered leads to the belief that the situation there is even more favorable than the very flattering reports have indicated. Information received by Democratic leaders at headquarters here is that Bryan will not be far behind Chancer in New York City, and that he will run neck and neck with the gubernatorial candidate up there.

The other important development is the exposure by the New York World of Candidate Sherman's record in the New Mexico land fraud cases. Mr. Sherman has been utterly unable to put up a plausible defense against the charges, which are based upon official records, and there has gone out a demand for his retirement from the Republican ticket. While this seems not only improbable, but impossible at this late date, the Republican ticket will be forced to bear the odium and will suffer accordingly.

MR. WORSHAM TODAY

The Hon. John C. Worsham, of Henderson, Ky., the Republican nominee for Congress of this, the Second congressional district of Kentucky, will speak at the court house in Hopkinsville on Saturday, October 31, 1908, at 1 o'clock.

Everybody cordially invited to come out and hear him.

[The Kentuckian erroneously stated in Thursday's paper that Mr. Worsham would speak Friday. His date is for this afternoon at 1 o'clock.—ED.]

The Weather.

FOK KENTUCKY — Generally fair Saturday. Not much change in temperature.

John H. Whallen has bet \$600 even money that Bryan carries Jefferson county, which he lost in both of his former races.

Two negro servants in the family of Rev. Carter Helm Jones, of Oklahoma City, were killed Wednesday by drinking drugged wines, under mysterious circumstances.

Christopher C. Pare, editor of the favorite, at Franklin, Ky., died Thursday of bright's disease. He was one of the best known publishers in Kentucky, a writer of ability and a gentleman of high character. He leaves a family and a host of friends to mourn his untimely death.

When Gov. Willson spoke here he said the Tennesseans in his audience, who came over from Clarksville, would like to vote for him for Governor, because of his fight for law and order. Since Gov. Patterson has taken the field at Reelfoot Lake, there are many Kentuckians who would like to be in Tennessee to vote for him.

The people of Pembroke have already begun giving serious consideration to the necessity for a system of waterworks. Three disastrous fires in one year have shown how helpless the town is without fire protection. The people of the enterprising little city are bravely meeting and "conquering their troubles, and if they set their heads to secure fire protection, will have it, for her business men have the energy and pluck to get whatever they go after.

With four speeches in Syracuse Thursday night, W. B. Bryan closed his campaign in New York and left for Ohio. One of his speeches was delivered at Utica, the home of Jas. S. Sherman, the Republican nominee for Vice President. Taft was in Syracuse at the same time, and made two speeches. Judge Parker presided at one of Mr. Bryan's meetings and lauded him in the highest terms in his introductory remarks.

FEAR EARTHQUAKE.

People of Kentucky and Missouri Alarmed.

Paducah, Ky., Oct. 29.—People of Western Kentucky and Missouri, residing on the Mississippi river, fear destruction by earthquake, shocks being felt, the earth cracking and a big landslide occurring at Cape Girardeau, Mo., a few days ago. Old residents remember several quakes when the Mississippi rocked out of its banks.

Reelfoot Lake was formed by an earthquake 96 years ago.

PROMINENT CITIZEN
Passes Away After Illness of
Few Weeks.

The Rosamond Minstrels will arrive here this morning for their performance at Holland's Opera House tonight. This aggregation opened the season at Bowling Green last Friday evening, repeating the performance on Saturday evening. The opera opens with a finely set first part entitled "The Royal Fete," representing a terrace garden and the annual reception of the king of France and his favorite courters. In this part all the members participated.

There are comedians who represent the higher class school of modern minstrels, dancers introducing artists who have mastered the art and vaudeville features culled from the leading vaudeville theatres of the country. A special feature with the Rosamond Minstrels is the street parade which takes place at noon on the date of their appearance, and the open air concerts of the Rosamond Military Band, composed of solo artists, in a series of marches, medleys and overtures that are bound to please. Remember the day and date, October 31.

"THE DEVIL".

One of the greatest plays of the age has suddenly taken the country by storm "The Devil" and which is now being played to crowded houses and thousands of people are being turned away unable to secure a seat.

"The Devil" is novelized by the famous Hungarian writer, Franz Molnar, and is the only correct version of this great play that will appear in this city shortly. "The Devil" is a collection of all the man's makeup. The plot of the play continues to hold an audience spellbound throughout the last drop of the curtain.

The most talked about play at present over two continents. There is every reason to believe that seats will be sold out to capacity before the curtain rises on the night of Wednesday, November 4, Opera House.

YOUTHFUL CRIMINAL
Steals A Watch And Lands
In Jail.

Henry Lee Goode, a small negro boy about 12 years old, snatched an express package from the wagon of the Southern Express Co. Thursday morning while the driver, Charley Brackrogge, Jr., was unloading packages. The paper in which it was wrapped was soon found on the sidewalk and general Policeman Amos R. Haydon was called into the case by Agent H. W. Tibbs and in a short while the thief was captured and the contents of the package, a watch and chain belonged to Mrs. Fannie May Owsley, recovered. The watch was a highly prized heirloom. The boy sold the watch to John Jordan, a painter at West & Lee's, for \$1.50 and sold the chain to a strange negro man for five cents. The chain was recovered as the man was about to leave the city, at the L. & N. depot.

The boy made a confession when taken in charge and, as his crime was a felony, will be turned over to the county court.

Cadiz, Ky., Oct. 29.—Charles Allbridge, a young man about 20 years of age, while returning home from the speaking here Tuesday, had the misfortune to get his leg broken near the ankle, and the bone was so badly broken that the limb had to be amputated yesterday. His horse became frightened and turned the bug over.

SYMPHONY CLUB

At Tabernacle Monday Night,
November 2.

The International Symphony Club will appear at the Tabernacle next Monday night, Nov. 2. This organization is composed of six selected members of the finest symphony orchestras in the world and four of the artists have been together for some years. All of them have together more or less at different parts of different seasons. The brilliant character of their performances, as

well as the delicate shading of their ensemble playing, has always called for bursts of applause and unbounded enthusiasm wherever they have appeared. Every performer is a recognized virtuoso and can be called upon to appear as soloist at any of the concerts, thus making it possible to present a program of great variety. The music performed by this club is always of the highest standard. Classical as well as popular selections are played. Entirely classical programs will be given at special request, or they will play popular programs, as no other organization is not afraid to play popular programs.

GAME YESTERDAY

And Another Contest Comes Off Today.

McLean College and Madisonville Athletic Club football teams played a game on the college gridiron yesterday afternoon. The contest had not been decided when our forms closed.

This afternoon the Hopkinsville High School team and the Paducah High School eleven will play in this city.

The Paducah News-Democrat says:

"Coach Evans, of the high school football team, accompanied by a squad of fifteen players will leave Friday afternoon for Hopkinsville, where the Paducah team will meet the Hopewell boys Saturday afternoon.

Hopkinsville has a snappy team this year, but Prof. Evans, who coached them for two years, is confident that our boys can defeat them. Madisonville defeated Hopewell, and Paducah won from Madisonville, so the odds are rather in the P. H. S. favor. The boys expect to be royally entertained and will not return home until Sunday morning."

The Journal says:

"The greatest and most heroic fight ever made by a volunteer and unorganized fire department was made. The fire had eaten its way to the back end of the block of business houses on the east side of Main street, and it seemed almost an impossible task to prevent the destruction of these buildings, so intense was the heat and so angry were the flames.

However, the fire fighters, including men, women and children, both white and black, redoubled their energies and fought like demons. The scarcity of water and the difficulty of getting it to the threatened buildings was a great handicap, but not too great to be overcome by the heroic and determined fighters. A small army of men remained on the roofs of the stores for more than an hour, facing flames that were blistering hot, while another army of people carried water to them. For almost an hour the fight seemed a hopeless one, but the men kept up their struggle and finally the onlookers saw that their work was bearing fruit.

By the time the fire was almost under control a fire engine, sent out from Hopkinsville, on a special train with a force of fire fighters, also from that city, arrived on the scene, and a large freight engine pulled up close to the fire and furnished some much-needed water from its boilers. This aid came at a time when it was sorely needed, and was no doubt of great assistance in saving the town."

Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.

Read the letter Mrs. E. Hanson, 301 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervous headache, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I have so much better health again do my own work. I never forgot to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound has made from roots and herbs what is best for the sick, especially for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, distilence, indigestion, dizziness or nervous prostration. Will you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Pembroke Fire.

The Pembroke Union gives a carefully detailed compilation of the losses by the Pembroke fire last Sunday. The losses aggregate \$26,500 and the insurance is a little over \$10,000.

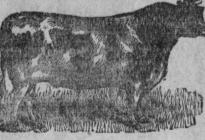

The Journal says:

"The greatest and most heroic fight ever made by a volunteer and unorganized fire department was made. The fire had eaten its way to the back end of the block of business houses on the east side of Main street, and it seemed almost an impossible task to prevent the destruction of these buildings, so intense was the heat and so angry were the flames.

STIRRED TO ENTHUSIASM

Democratic Rally Brings Out Five Hundred Cheering Voters.

THREE SPEECHES MADE

Dave Smith Tells About His Removal and Declares He Did His Duty.

The Democratic rally at the court house Thursday night brought out a crowd of about 400 or 500 voters and the enthusiasm shown for the Democratic ticket was unbounded. Mr. C. W. Morrison, nominee for county judge, spoke first and made an earnest appeal for the support of all Democrats, promising if elected that he would administer the office to the very best of his ability. He said if after a year's trial the people found that he had failed to prove true to his promise, they could turn him out and put some one else in and he would not complain. Mr. Morrison made a fine impression on all who heard him.

Dave Smith, the candidate for sheriff, spoke next and his speech surprised his best friends. It was a carefully prepared argument and a defense from the various charges made against him, all of which, he declared in firm but conservative language, were absolutely untrue.

He said a great wrong was done in removing him from office, as he offered to make his renewal bond which had to be made March 1, as early as Feb. 18 and was ready all the time to make it, but the commissioner appointed to make the preliminary settlement was not in the city and he was given to understand by Judge Prowse that he would be allowed to make the bond when Senator Rivers returned. Mr. Smith discussed the charge that he was out of the city on the night of the raid and described in detail the business that took him to the country on the night of Dec. 6. His explanation was received with shouts and cheers of approval. He declared that he and his deputies took charge of the defense of the city following the raid and did there whole duty and that his only son served for months as a soldier here and elsewhere and his loyalty had never been questioned. He appealed to all Democrats and to Republicans who believe in a fair deal and in upholding the law and the rights of citizens.

He expressed the greatest confidence in the result.

Court Attorney John C. Duffy closed with a stirring campaign speech in which he boldly declared that the removal of Sheriff Smith was corrupt and arbitrary in the extreme and that while a bare majority of the court of appeals had decided that he had the option of receiving or not receiving the bond after March 1, they had not decided that it was any part of his duty to remove the sheriff for failing to make the bond on time. At the conclusion of Mr. Duffy's speech some announcements were made by Senator Rivers and the crowd dispersed, full of enthusiasm for the ticket.

NIGHT RIDERS' RING LEADER

Believed to Be Under Arrest at Reelfoot Lake Military Camp.

IF HE WILL TALK.

It Is Thought Garrett Johnson Can Tell All About the Recent Outrage.

Keeseker boys, now under arrest, died at an early hour Thursday morning, death resulting from heart trouble, brought on by worrying over her sons.

James Bryce, editor of the Troy Banner, who was arrested has been released, as has Capt. P. C. Ward, proprietor of Walnut Log Hotel, from which Capt. Rankin was taken on the night he was murdered.

A special from Union City announces on what is considered good authority, the constitution and by-laws of the night riders.

John F. Cockran, the man captured after a chase on the lake, has confessed that the night rider outrages have included the whipping of women. One woman was whipped for leaving her husband and another for being of ill repute.

The latest report to reach here from Tiptonville is that Tid Burton has broken down completely, and that his confession implicates 300 men from Obion county. One hundred others are believed to be guilty. Even the oath taken by night riders has been confessed, though the officials will not make public the exact wording.

The seventy or more prisoners now in camp are closely guarded, and Garrett Johnson, the leader, together with his brother, Tom, and William Watson, are kept in solitary confinement.

From present indications there is absolutely no possibility of further trouble, though the troops may be kept here for some time.

Gov. Patterson is here, but refuses absolutely to talk on any question today. He is at present leading the life of a soldier, sleeping in a tent next to Col. Tatum.

Miss Maud Brewer, daughter of William Brower, who lives here, has been in camp to see some of the prisoners, and it now develops that the black dress which the young lady wears is worn in mourning for a lover who, it is believed, was killed during the night rider raid near Hickman, Ky., several weeks ago, when some negroes were the victims.

The name of her lover is not known. He never returned from the raid, his body being buried, presumably, by his companions. It is also stated that he was killed by his rival and another story is that his name was Keith and that he was killed by the negro Dave Walker, who was assassinated.
